A Message from the Vision Bearer

Beloved Child of God,

The Bible says in Hebrews 11:1, "Now faith is the substance of things hoped for, the evidence of things not seen." As we contemplate the essence of faith, we come to understand that it surpasses wishful thinking or blind optimism. True faith is a deeply ingrained conviction, a profound trust in the sovereignty of our Heavenly Father. It is an unwavering belief that the promises He has spoken will undoubtedly come to fruition, irrespective of the circumstances we encounter.

Within the depths of our spirits, faith resides as a strong force, propelling us beyond the confines of human limitations, daring us to dream unwaveringly. However, it is essential that in exercising our faith, we continuously align our thoughts and confessions with God's promises in the scriptures.

It is essential that in exercising our faith, we continuously align our thoughts and confessions with God's promises in the scriptures."

When faced with challenges, we do not abandon our confessions. Instead, we steadfastly hold onto them, firmly believing in the faithfulness of the One who made the promise. We have wholeheartedly embraced the immutability of His counsel. As we embark on the second half of the year, let us dare to maintain

the unwavering conviction and trust that this is still the year of extraordinary resurrections. Hallelujah!

From Uganda to the World: **THE MANIFEST INDIA STORY**

Manifest fellowship India began in March 2023 with 3 members in Marwadi University India. We believed that something notable had begun and so, we started meeting for Phaneroo Sunday service. In April, we celebrated Men Gather with 20 members in physical attendance and 40 others livestreaming. In June, we did likewise for My Great Price: 26 attended in person and 45 watched online.

Since commencement of the Manifest fellowship, we have seen many unpredictable breakthroughs, healings, and divine provisions; we see increase every day and thank God for his abundant grace.

Every Friday evening, we hold a one-hour prayer meeting within the university campus. We have also now extended our reach to students from different universities here in India including RK university, Parul university. With these students, we share daily devotion and sermons for their spiritual growth.

On a monthly basis, we do outreach programmes (evangelism, soul winning, and prayers) in the hostels. Already, we are excitedly planning to have the biggest Global Inter-university Conference meeting here in Marwadi university. We expect many congregants in attendance; lives will be changed, destinies will be aligned, to the glory of God.

We thank our man of God, Apostle Grace Lubega, for believing in us to extend this vision to all parts of India; we are certain India cannot remain the same. Glory to God!

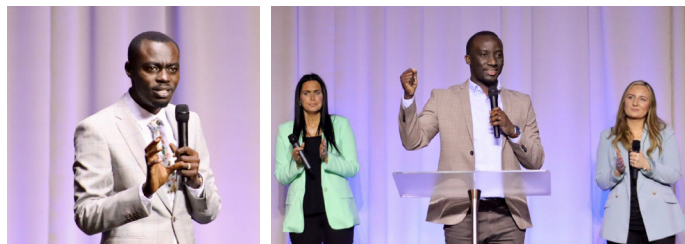

“We have seen many unpredictable breakthroughs, healings, and divine provisions; we see increase every day and thank God for his abundant grace.”

“Hearing the voice of God is the guarantee that you will live.”

“One of the deepest places of consecration is in living a life that always ascends to where God is because He desires to minister to you from the place where He has invited you, and not from where He is revealed to you.”

“There is no vision, voice or experience exalted above the Word of God. Nothing surpasses the sureness of His Word.”

“A learned spirit is one which is instructed in wisdom. It knows how to respond to circumstances the right way, applying the right mode of intervention.”

“Maturity in the spirit is what grants you access to God’s best. A spiritual baby will always be under “tutors and governors”, despite their inheritance being available.”

“The key to always praying in the will of God is by praying in the Spirit. This is because the Spirit, who knows the heart and mind of God, intercedes on our behalf. Romans 8:26.”

THE CHILDREN'S BREAD: testimonies

VIVIAN JEROP (KENYA): For 5 years, I struggled in many areas of life and lacked a sense of purpose; I struggled with addictions and was failing in my academics. Through a friend at university, I connected to Phaneroo, started watching the livestream services and I thank God for stirring in me a hunger to know Him. My life has greatly transformed; the struggles are gone. Hallelujah!

HILDA NUNGI - I was jobless since September 2022. This year, 2023, my children and I connected with the ministry and started attending the services in March.

During service 437, Apostle prophesied that some people were going to be sought after for jobs and I received that word. The following Monday, I received a call for a job offer. The employer said I had exactly what the organisation needed. Glory to God!

BAKOMEZI ENYASIO: A nail pierced my left leg in 2015. It got so swollen that I couldn't walk without crutches. A visit to the doctor's revealed that it had become cancerous, and the leg was

to be amputated. During Phaneroo service 440, I received my healing and at the end of service, I walked to the front to testify while holding up the crutches. God is a healer!

REBECCA NANTABA - I was diagnosed with pharyngitis (an infection in the throat) and had lost my voice a week before Phaneroo 440. I thank God that during Phaneroo 440, I received healing and restoration of my voice as I watched a gentleman lift his crutches celebrating his healing.

NOLUVO NETI (SOUTH AFRICA): I had been facing financial difficulties for years and my situation only seemed to worsen. I connected to Phaneroo in May 2023 after hearing Apostle Grace minister at a conference at the House of Treasures in South Africa.

Through the Phaneroo teachings, I started to walk by the spiritual principles concerning divine provision. At the end of May, I had received a great job. Glory to God.
